Welcome to the new look East Ender and Martha Matters. OceanaGold has combined these two newsletters into the Mining Matters so that residents in both project areas are receiving the same information.

AEP Amenity Effect Programme payments for the period of July to December 2020 are being calculated this month and letters will be delivered within the next two weeks. New sign ups will also take place within this time. Cheques will be ready for delivery in early March.

Due to all the major banks moving away from cheques, this will be the last time OceanaGold will be printing cheques, for the next round of the AEP we will be asking for your banking details with a stamped deposit slip from your bank. Recipients will also need to provide proof of ID.

The Correnso Community Meeting is scheduled for Thursday 11 March 3.30pm at the OceanaGold Education Centre Cnr. Moresby Avenue & Savage Road, followed by the Project Martha community meeting at 5.30pm

We have now started stope blasting in our new Martha Underground. It's a great milestone in extending the operation's life, and while you might notice vibrations ramp up over the next six months, we are committed to ensuring they remain in line with our consent conditions. Blast details are available daily at www.waihigold.co.nz or contact us on 0800 924 444 if you want to be notified by text/email.
