The Project Martha Community Meeting was held on 10 December at the Education Centre. Topics covered included Martha (dewatering, piezometers, and vibration). Minutes from the meeting will be posted on our website www.waihigold.co.nz when complete. We expect this to be within the next week.

There were a number of questions raised during our December meeting which we are currently working on. We will report back on these questions at our next Martha Community Meeting. This meeting will be confirmed in the March Martha Matters.

If you have a concern, question or opinion, we want to hear from you. You can contact us through our website; www.waihigold.co.nz
