

Amenity Effects Program Payments

Due to banks no longer accepting cheques, we are asking that all residents already enrolled in the AEP please provide their bank account details once verified and stamped by your bank. This can be dropped off at our Project Information Office at 86 Seddon Street in Waihi between 10am – 2pm weekdays. If we do not have your bank details on file we can not make an AEP payment should you qualify.

OceanaGold Sustainability Report

We've released our 2020 Sustainability Report for OceanaGold, sharing our collective achievements and financial, health, safety, wellbeing, social, and environmental performance.

The full report can be found at: www.oceanagold.com

Our SAG Mill commissioning is now complete and the Processing Plant has recommenced milling operations. This project couldn't have happened without all our departments coming together as one team. These improvements will allow us to continue to support our operations and extend the life of mining at Waihi.

Pictured above is a blessing ceremony being completed by representatives from the Waihi Community Marae as one of the final elements of our SAG Mill commissioning.

OceanaGold is proposing to extend the life of mining in Waihi through the development of the proposed Waihi North Project and the proposed Martha Open Pit Project.

To learn more about the Waihi North Project and the Martha Open Pit Project, visit our Project Information Office at 86 Seddon Street in Waihi between 10am – 2pm weekdays or visit: www.waihigold.co.nz
