

The letters have gone out for the Amenity Effect Programme (AEP) to qualifying residents for the period of July – December 2020. Cheques will be ready for delivery within the next week.

Due to all the major banks moving away from cheques, you will need to bank your cheque straight away. For the next round of our AEP we will be making a deposit into your bank. To enable this to happen we will be asking qualifying residents for banking details with a stamped deposit slip from your bank with your address. Recipients will also need to provide proof of ID.

The Correnso Community Meeting is scheduled for Thursday 11 March 3.30pm at the OceanaGold Education Centre — Cnr. Moresby Avenue & Savage Road, followed by the Project Martha community meeting at 5.30pm.

In February we released an update for our Martha Underground Mine. We have achieved our first gold production and expect steady-state in the second half of this year.

Above is our Health and Safety Manager Georgie Hammans with a 22 kilogramme dore bar of gold and silver. Check out the full release at:
