

The Project Information Office

Our Project Information Office is open from 9:30am to 4pm Monday to Friday at 86 Seddon Street.

For over 20 years, the Waihi mine has had a publicly accessible space for anyone to stop by and find out more about our operations.

Stop in for any general enquiries, including information on current and planned projects, property due diligence, job opportunities, the Amenity Effects Programme, or sponsorships and donations.

Brochures relating to our proposed projects are also available.

The office is staffed (usually by knowledgeable local Jeannine) should you have any questions and there are large format maps of both the town and our operational areas available to view.

We encourage anyone new to Waihi with an interest in mining or completing their due diligence on a potential land or property purchase in the area to come and chat to us as well.

Ask the Experts: Air Quality - Waihi North Project

If the Waihi North Project is approved, we expect to monitor and manage air quality in accordance with an Air Quality Management Plan that would need to be approved by Waikato Regional Council. The Waihi Operation has been effectively monitoring inhalable gasses or particulates to meet strict air quality consent limits in the vicinity of Waihi operations since 1982.

On Wednesday the 18th of June, between 10:00 am and 2:00 pm, Richard Chilton from Tonkin and Taylor will be available in our Project Information Office at 86 Seddon Street, Waihi, to answer any questions you might have on air quality relating to the Waihi North Project.

Richard is an air quality scientist and Certified Air Quality Professional with over 20 years of experience assessing environmental impacts of air discharges in New Zealand, Fiji, Australia, and the United Kingdom. He has been extensively involved in assessing the discharges to air from industrial and transport related projects, undertaken science related projects for regional councils, as well as regional air quality policy reviews for industrial and council clients.

A NUMBER OF TIMES ARE AVAILABLE, BUT BOOKING IS ESSENTIAL

Bookings can be made via 0800 924 444, waihi.info@oceanagold.com or by visiting the Project Information Office, 86 Seddon Street, Waihi.
