

The OceanaGold Reefion Restoration Project mill has arrived safely on site.

Check out the 170 tonne crane unloading the mill on the 8th of May. We'll work on refurbishing it before installing it at a later date. Thanks again to the team at Reefion Cranes, Pollock Cranes and everyone involved in transporting these mills safely to site.

We had a great turnout of our team involved in the Nugget Multisport Festival Waihi & Waihi Beach on the 8th of May. With a range of race types and distances, there was something for everyone.

Congratulations to Abe, who took out first place in his age group in the 23 km Trail Run, to Callum for his sportsmanship award, and to the rest of the team for getting involved in this fantastic local charity event. A special thanks to

Cassie for organising the OceanaGold team. This year saw the highest number of our employees entered since the event began in 2010, and Cassie also worked with the Nugget organising team to help put on this exceptional local event.

We look forward to continuing our support of the Nugget next year, and getting our team involved again with the 'OceanaGold Trail Trilogy' on September 12th.

The Waihi and Macraes ERT teams

Four members of the OceanaGold Waihi Mines Rescue Team took part in the Firefighter Sky Tower Stair Challenge on Saturday the 22nd of May.

Josh, Shay, Troy, and Jamie raised \$21,405 for Leukaemia and Blood Cancer NZ, putting them in the top five fundraisers across the country and gaining them first place in the 1-4 squad members category.

Thanks to all the individuals and businesses who contributed to make this possible.
