

OceanaGold UPDATE

28 September 2023

JUMPSTART MILESTONE

In August, the JumpStart Driver Training Programme hit a milestone, with the 50th participant successfully gaining their restricted drivers licence.

“
Our thanks go to everyone involved in continuing to make the JumpStart Driver Training Programme such a success.
”

The programme is a partnership between OceanaGold, Waihi College, New Zealand Blue Light, local Police, and Waihi community volunteers – supporting people in our community to gain their restricted licence.

Navigators and trainees have even collectively driven enough kilometres to get from Cape Reinga to the Bluff nine times!

It is so good to see new drivers gaining confidence through the JumpStart programme, and we know the importance in rural areas such as ours of having a licence to access further education and employment.
