

OceanaGold UPDATE

16 May 2024

MARTHA PIT PORTAL WORKS

Shortly, you may notice additional equipment and works occurring in the lower area of the Martha Open Pit.

We will be beginning works inside one of the two active “portals” (tunnel entrances) we maintain in the base of the Martha Open Pit. These portals link to our existing underground operations and also form part of the air ventilation circuit in those operations. As such, while these works are taking place, additional temporary ventilation ducting and machinery will be routed between the two active portals, as shown in the diagram.

Like previous stockpiling works in the Martha Open Pit, the Pit Rim Walkway is unaffected, as are any other uses of the land around the Martha Open Pit. These works are expected to take approximately four months to complete, and will operate 24/7.

Activities will be confined to the lower levels of the open pit only and would take place under our existing consent conditions for noise, dust, traffic, and other amenity considerations.

SPONSORSHIP APPLICATION FORM
www.waihigold.co.nz/sponsorship-donations

INVESTING IN OUR HOST COMMUNITY

One of the most important aspects of the OceanaGold operation in Waihi is providing a benefit to the people and area that hosts us. For many years mining operations in Waihi have supported local charities, schools, sports clubs, and other community groups.

OceanaGold Waihi operates a community investment programme that provides support for organisations, groups, and projects in the Waihi region. The programme can provide in-kind or financial assistance for projects and activities.

We make donations to charitable community groups. Organisations that do not qualify for donations as a charitable organisation can still

apply to OceanaGold for assistance in the form of sponsorships.

To apply, a short application form needs to be filled out. An electronic version of the form can be found via the “Sponsorship/Donations” button at the top of the waihigold.co.nz homepage. Physical copies of the form are also available at the Project Information Office at 86 Seddon Street in Waihi.

IF YOU HAVE ANY QUESTIONS OR CONCERNS, PLEASE CONTACT US.
