

OceanaGold UPDATE

03 October 2024

GET YOUR RUNNERS READY!

THE OCEANAGOLD TRAIL TRILOGY IS COMING UP ON SUNDAY THE 20TH OF OCTOBER.

Brought to you by Waihi's Trilogy Events, the OceanaGold Trail Trilogy event includes all the popular running distances and utilises most of the wonderful Hauraki Rail Trail. With a 9 km 'Race the Train' (sold out for 2024), a half marathon, a full marathon, a 55 km ultramarathon, and even a full 100 km ultramarathon event, everyone can get involved by running or walking, as individuals or in teams.

The \$5 'buy a tree' initiative (in partnership with the Hauraki Rail Trail) is a great way to support tree planting projects along the trail. Not only are you helping to enhance the beauty of the local area directly, but it also gives you something to watch grow every time you walk, run, or ride the trail.

We're pleased to continue our sponsorship of this local event that showcases the Waihi and Hauraki area and encourages the community to be physically active and challenge themselves.

COMMUNITY OPINIONS ABOUT MINING

From now through until the end of the year, if you live in the Waihi area you may get a phone call on your land-line or mobile phone from a survey company called Phoenix Research, asking for your opinion on a few topics relating to mining.

Each year we get an independent survey company to ask people chosen at random how they think we are doing, what we can improve on, and how things are in Waihi in general. The surveyors aim to get a representative sampling of the area, in a similar proportion to the actual demographic make-up of Waihi. This approach is to ensure the fairest possible representation of the area's opinions.

Results from the survey form part of the Social Impact Management Plan (SIMP), which is required as part of our consent conditions.

The survey is anonymous.

OceanaGold gets a table of the results, but any identifying details are first removed, meaning we don't know who said what. How do survey companies get in touch? They call people in and around Waihi from listings with the numbers and the area in which the person lives.

We welcome your feedback and encourage you to participate if selected. A survey like this is an important chance for you to "have your say".

QUESTIONS and QUERIES
