OCEANAGOLD
WAIHI OPERATION

WAIHI GOLD MINING EDUCATION TRUST SCHOLARSHIPS

Established in 1992, the Waihi Gold Mining Education Trust was initiated by the Waihi College Principal at the time, Harry Shepherd, and Waihi Gold.

Initially, the trust was set up as a fund of \$25,000 per year for five years 'to be used to improve the educational opportunities of the youth in Waihi', however, the trust was able to be continued past this initial timeframe. In 2005 the donation was increased to \$40,000 per annum and increased again in 2022 to \$58,000 per annum.

This year marked the 32nd year of scholarships being presented to Waihi College students, with the top five academic students receiving \$4,000 each to

support further studies, four scholarships of \$2,000 each awarded to students pursuing trade qualifications, and the remaining \$30,000 to be used by Waihi College to provide additional equipment and materials for the wider school.

To date, over 1.1 million dollars and 180 individual scholarships have been provided to Waihi College through the trust.

We're proud to be able to continue supporting Waihi College and we wish all the recipients well in their future endeavours.
